

URGENT CALL FOR HUMANITY!
URGENT CALL FOR FRIENDS OF GEZİ-TAKSİM!

On 19th day of Turkish resistance for democracy and freedom against the JDP government, after the harsh provocations of PM Erdogan in his party meeting today in Ankara, riot police attacked on Gezi Parkı at 20:50 this evening.

On 12 June midnight representatives of the Gezi resistance, Taksim Solidarity delivered 4 main demands of the movement to PM; however as the government continued to ignore the demands of the movement, Taksim Solidarity, after long and democratic grassroots discussions of the resisters decided to continue the resistance after the basic demands are accepted.

This evening, after the provocations of PM Erdogan in his party meeting made in Ankara, riot police started a very hard attack on Gezi Parkı with tear gas, water cannons and rubber bullets and blast bombs. There are hundreds of injured people. Police even attacked with rubber bullets against the first floor of Divan Hotel which is used as a temporary hospital and subway where people escaped and people are sending messages as: "We are dying here!"

We urge friends of Turkish movement, international community and humanity to start every efficient actions for stopping the massacring government and PM of Turkey.
